 - o. Memorial Day and Honor Roll
 - p. Cemeteries
 - q. Legal Expenses
 - r. Dog Costs
 - s. Moth and Blister Rust Extermination & Ragweed
 - t. Insurance
 - u. Interest on Loans
 - v. Printing Town Reports
 - w. Payments on long-term notes.
3. To see if the town will authorize the selectmen to borrow money by temporary loans in anticipation of taxes.

4. To see if the town will authorize the selectmen to administer or dispose of any real estate acquired by the town through Collector's deeds or otherwise.

5. To raise and appropriate to the White Mountains Regional Association, for its program of Advertising, etc., as a part of the cooperative investment by Regional Towns, an amount equal to \$.10 per \$1,000.00 for the assessed valuation for 1958.

6. To see if the Town will vote to raise the sum of \$1,500.00 to be used by the Board of Trade for advertising and to raise and appropriate money for same.

7. To see if the Town will vote to raise the sum of \$4,000.00 to be used on the Tuttle Brook Recreational Project, and to raise and appropriate money for same.

8. To see what action, if any, the Town will take in relation to spraying and otherwise eliminating the bugs and gnats during the summer months.

9. To see what action, if any, the Town will take in relation to establishing zoning laws for the Town of Carroll.

10. To transact any other business that may legally come before this meeting.

Given under our hands and seal of the Town of Carroll this 23rd day of February, 1959.

EDWARD F. McGEE,
PHILIP F. McKENNA,
WELLINGTON D. BOYNTON,
Selectmen of Carroll.

Total Liabilities	\$60,807.12
--------------------------	--------------------

To the Citizens of the Town of Carroll:

The sharp rise in the Tax Rate for the Town in 1958 was due in part to the reduction in valuation of the Mount Washington Hotel Property and in part to the rise in spending voted in the last Town Meeting.

We had some very good additions to our valuations in 1958, but not nearly enough to offset the reduction.

In order to hold the line we must carefully scan any undue and unnecessary appropriations in the next few years.

We were very grateful to receive a gift of \$5000.00 from Spaulding Foundation for the further development of the Tuttle Brook Project.

This gift was received in January, 1959 and will appear in the 1959 Town Report.

The gift was made possible due to the untiring efforts of the Officers of your Board of Trade and of Mr. Richard Tap-
ply of The National Recreation Association.

Mr. Tapply is much enthused with the location of this project and hopes to assist us further.

Respectfully submitted,

EDWARD F. McGEE,
PHILIP F. McKENNA,
WELLINGTON D. BOYNTON
Your Board of Selectmen

SUPERINTENDENT'S REPORT

I wish to thank all those affected by the Whitefield Road construction for their cooperation this past year. We were able to maintain temporary lines to supply water at all times while the main lines were installed. I also thank the selectmen for their cooperation.

We, of the Water Commission, extend our sympathy to the families of the deceased members of the board.

In the coming March town meeting, the voters must elect one member for five years, one for three years to fill unexpired term and one for two years to fill unexpired term.

Respectfully submitted,

OVILA LEDOUX,
Superintendent.

Health Report

New Hampshire State Department of Health

December 12, 1958

Mr. Clayton J. Young, Town Clerk
Carroll, N. H.

To the Citizens of the Town of Carroll:

During the year 1958, 28 calls were made to the town. One child completed his Salk Vaccine Immunization, at a clinic held in Whitefield. In the Spring, 46 children attended the Triple Toxoid Clinics held at the Morrison Hospital. Eighteen children were given Booster injections, five received Vaccinations, ten children started the series of three injections, but only six finished the series. One child attended the Cardiac Clinic held in Whitefield, and six children attended the Pre-school Conference held in May. On December 8-16, 25 children took advantage of the Pre-school Dental Program, reported as follows:

- 25 children had their teeth inspected and cleaned
- 21 children completed the 4 Sodium Fluoride treatments
- 3 children had 3 Sodium Fluoride treatments
- 1 child had 1 Sodium Fluoride treatment
- 1 child is under dental supervision and 23 children need follow up by a dentist within a 6-month period.

This program was sponsored by the local P. T. A.

In the Spring of 1959, we are planning to hold a Well Child Conference for all pre-school children.

It has been a pleasure to work with the Citizens of Carroll, and at this time I would like to thank them for their cooperation, and I sincerely hope they will feel free to call on me if I can be of any service to them.

Respectfully submitted,

ELEANOR KENNEY, R. N.
N. H. State Dept. of Health
Public Health Nurse, Coos County.

School Warrant

THE STATE OF NEW HAMPSHIRE

**To the Inhabitants of the School District in the Town of
Carroll qualified to vote in District Affairs:**

You are hereby notified to meet at the Town Hall in said district on the tenth day of March, 1959, at two o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Treasurer for the ensuing year.
4. To choose a Member of the School Board for the ensuing three years.
5. To hear the reports of Agents, Auditors, Committees, or Officers heretofore chosen, and pass any vote relating thereto.
6. To choose Agents, Auditors, and Committees in relation to any subject embraced in this warrant.
7. To see if the School District will raise and appropriate a sum of money for erecting a wire fence in front of school building.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the School Board to certify to the selectmen the balance between estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

Given under our hands at said Carroll this twenty-first day of January, 1959.

VIRGINIA M. MORNEAU, Chairman
ROBERT G. THOMPSON
BEULAH R. BEAULIEU
School Board of Carroll, N. H.

School Board Report

To the Citizens of the Town of Carroll:

The Annual Report of the School District is submitted to you.

Our Elementary School system has functioned most efficiently.

At the March meeting the district voted to have a committee of three, appointed by the school board, to investigate the following: (1) the cost of keeping the High School in Carroll, (2) the advisability of our high school students as tuitioners, (3) the possibility of a Cooperative School System. They reported back on June 17, 1958, at which time the district voted to tuition its students at the discretion of the School Board, effective immediately. Littleton was selected as the high school for the school year 1958-1959.

With the resignation of Mrs. Alice McGee as School Nurse we appointed Mrs. Anna Evans to fill the position. Mrs. Evans has worked most efficiently.

There were some improvements in the building: (1) the walls in both girls' and boys' basements were built up with cement blocks and painted, (2) toilet tanks were replaced and the toilet floors were painted.

Our school building was completely painted outside.

The transportation bids were released and awarded as follows:

ROUTE NO. 1 (for 3 years) — Mr. Michel Perry, \$4000.00. From school building to town-line on route No. 115, back to cross road, over cross road to route No. 3 to Whitefield town-line to school building. (Approximately 45 pupils) For additional transportation beyond 400 miles for any one school year the transporter will be reimbursed \$0.35 per mile, with a minimum of ten dollars for any one trip to transport athletic teams, debating societies and any other organized school groups to athletic games, contest or field trips as are from time to time requested by the Principal or Superintendent of Schools.

ROUTE NO. 2 (For 3 years)—Mr. Wellington Boynton, \$1890.00. From school building over route No. 302 to Crawford camp, back to school building, over route No. 3 to Bethlehem town-line, back to route No. 302, to Bethlehem town-line, back to school building. (Approximately 14 pupils)

ROUTE NO. 3 (For one year)—Mr. Michel Perry, \$3800. Morning—over route No. 1 to school building, to Littleton High School. (Approximately 15 pupils) Afternoon—From Littleton High School to Carroll school building.

At this time, we wish to thank our teachers: Mrs. Mary Young, principal, Mrs. Eileen Worsley, and Mrs. Frances Hutchinson, for the splendid cooperation they have given us; also, Mr. Harold Truell, Superintendent of Schools, who has given so generously of his time in assisting us and making this year a most successful one.

A cordial invitation is extended to parents and townspeople to visit the school at any time.

Respectfully submitted,

VIRGINIA MORNEAU,
School Board Chairman

Superintendent's Report

To the School Board of the Town of Carroll:

My sixth annual report as Superintendent of Schools in the Town of Carroll is submitted herewith.

Supervisory Union No. 31

The Supervisory Union No. 31 is composed of the towns of Carroll, Lancaster, and Whitefield. The duties of the Union, as a whole, are to select the superintendent of schools, special teachers, supervisors and the Union secretary. The school nurse is engaged separately by the individual towns. The superintendent's salary for the school year 1957-1958 was apportioned as follows: Carroll 6.8%, Lancaster 35.8%, Whitefield 19.5% and the State share 37.9%. The salary of the Elementary Supervisor, secretary, and office expenses of the Union for the school year 1957-1958 were apportioned as follows: Carroll 11%, Lancaster 57.5% and Whitefield 31.5%. These percentages are based on two factors having equal weight as follows: (1) Average Daily Membership of District, and (2) District Valuations (adjusted). The following chart might be of interest to show you how these percentages are derived:

Equalized Valuations

Carroll	\$ 2,738,393.00
Lancaster	8,828,497.00
Whitefield	4,928,190.00
	<hr/>
	\$16,495,080.00

Average Daily Membership of Districts

	Elem.	High	Total
Carroll	49.3	12.6	61.9
Lancaster	545.4	199.6	745.0
Whitefield	283.6	115.9	399.5
	<hr/>	<hr/>	<hr/>
	878.3	328.1	1206.4

District Percentages of Costs

	Valuation %	A. D. M. %	Average %
Carroll	17	5	11.0
Lancaster	53	62	57.5
Whitefield	30	33	31.5
	<hr/>	<hr/>	<hr/>
	100%	100%	100.0%

The basis for the apportionment shall be one-half on the average membership for the previous school year and one-half on the equalized valuation as determined by the State Tax Commission every odd numbered year on the basis of data from the preceding year.

During the past eight years the Supervisory Union No. 31 has employed a full time elementary supervisor whose duty it has been to aid and direct the teachers in Grades I-VI. The salary for the elementary supervisor was met proportionately by the three towns composing the Union. This last year, by vote of each School District, a helping teacher was employed to replace the elementary school supervisor. Twenty-five hundred dollars of the salary paid the helping teacher is paid by the State Board of Education as the helping teacher is employed by this Board. Miss Blanche Witherehl, being fully qualified to meet the requirements of a helping teacher, was appointed to this position. Special programs relative to the progress of the pupils, both individually and as a whole, are carried on under her supervision. She will also supervise instruction in Grades I-XII. Miss Witherehl has done exceptionally well during the past year in aiding teachers in their teaching programs. We recommend that her report be read carefully as we feel that this field of education should be understood by all interested parents and citizens.

School Personnel

The Carroll School District received the resignations of two of its teachers effective in June, 1958. Mr. Lawrence M. Sturtevant, Principal, and Mrs. Vera C. Allen, resigned their positions because the Town of Carroll was contemplating closing its High School for the school year 1958-1959.

Mrs. Frances Hutchinson, teacher of Grades I-III, and Mrs. Eileen Worsley, teacher of Grades IV-VI, continue teaching in these Grades.

Mrs. Mary Young, teacher of commercial subjects during the school year 1957-1958, was employed as teacher of Grades VII-VIII for the school year 1958-1959, and as Principal of the entire School.

Enrollment

The following table of present and future enrollments will show, to some degree, what the elementary attendance for the Twin Mountain School may be for the next five years. Whereas, we may expect a more or less constant enrollment in our elementary grades, we must be cognizant of the fact that the high school enrollment varies continually.

Anticipated Future Enrollment in Grade I
According to Census Reports
Five Year Summary

Anticipated Enrollment	Year Census was taken (September)				
Year	1954	1955	1956	1957	1958
1958	5	9	6	7	
1959	11	9	7	5	5
1960	13	20	16	16	16
1961		3*	5	8	10
1962			2*	4	5
1963				5*	4
1964					4*

* This figure includes only children born before September 1 of that calendar year as the census is taken at that time.

According to the attendance report submitted by the Superintendent of Schools in last year's report, there was an anticipated enrollment of seven pupils in Grade I as of September 1, 1958. In September, 1958, there were eight pupils enrolled in Grade I. At the present time there are twenty-six enrolled in Grades I-III. In September, 1959, we anticipate an enrollment in Grades I-III of twenty-five pupils. This is the approximate number that was registered in that grade during the school year 1958-1959. From a study of the above table, it will be noted that we are anticipating sixteen pupils in Grade 1 in September, 1960, and ten pupils in Grade 1 in September, 1961. If these pupils do enroll at the Twin Mountain School, it will be the first time that sixteen pupils have enrolled in Grade 1 for many years. According to the census, in September, 1961, it is anticipated that there will be an enrollment of approximately thirty-one pupils in the first three grades. Whether the large enrollment in the first three grades will continue is unknown. At the present time there are twenty-three pupils enrolled in Grades IV-VI. Eleven pupils are enrolled in Grades VII-VIII. The total enrollment of pupils in Grades I-VIII at the present time is sixty pupils. It is expected that there will be approximately the same number for the school year 1959-1960.

Closing of Carroll High School

During the school year, 1956-1957, the State Board of Education appointed a committee to visit all high schools in the State and pass judgment as to whether or not said high schools were meeting established minimum standards. This committee reported that, as the Carroll High School did not

meet these standards, it would be necessary for the School District of Carroll to take one of the following steps: (1) build an addition to the school and employ a sufficient number of teachers as specified by the State Board; (2) be a part of a cooperative school with other neighboring towns; (3) tuition its students to some neighboring high school.

At the regular School District meeting held in March, 1958, the School District voted to continue this meeting to June 17, 1958, at which time definite action would be taken regarding the steps mentioned above. Meanwhile, a committee was established to investigate, study and recommend action to be taken. After presentation of the committee report and careful deliberation of its findings at the special School District meeting held June 17, 1958, Carroll School District voted to tuition all students attending Grades IX-XII to a high school outside the town. The School Board was given the power to study and decide to which high school Carroll students should be transported.

The School Board voted to transport all high school students to Littleton for the school year 1958-1959, and drew up a contract with Mr. Michel Perry for the transportation of these children at the rate of thirty-eight hundred dollars per year. Twelve of the sixteen students eligible chose to accept the decision of the Board and attend Littleton High School, namely: Richard Asker, Betty Pilotte, Thomas McGee, Robert Morneau, Richard Glines, Evelyn Mountain, June Lennon, Rose Forrest, Arthur Howe, Gene Evans, Robert Doucette and Ronald McCauley. Tuition for the school year 1958-1959 at Littleton is two hundred eighty dollars per student.

Three boys requested admission to Whitefield High School: Donald Marshall, Larry Gooden and Martin Temple, Jr. Whitefield's tuition rate for the school year 1958-1959 is two hundred seventy-five dollars per student.

One student, Thomas Monahan, chose to attend Lincoln High School. The tuition rate at Lincoln High School for the school year 1958-1959 is three hundred seventy-one and 76/100 dollars.

The average tuition for the State of New Hampshire for the school year 1958-1959 is three hundred sixty-seven dollars per student. This will increase for the school year 1959-1960 to three hundred eighty-eight dollars.

As has been noted in the school budget the allowance for tuition for the school year 1959-1960 has been increased considerably for two reasons: (1) an increase in the number of

students attending high school from sixteen to a possible twenty-four, and (2) an increase in tuition rates established by the High Schools concerned. For the school year 1959-1960, Littleton High School tuition rate will increase from two hundred eighty dollars to three hundred sixty dollars per student and the Whitefield High School tuition rate will increase from two hundred seventy-five dollars to three hundred twenty-five dollars per student. At the present time we do not know what the Lincoln School Board has established as the Lincoln High School Tuition rate for the school year 1959-1960.

It should be noted at this time that the elementary school program in Carroll, during the present school year, 1958-1959, has been running very smoothly. Your teachers have done exceptionally well. The children are really taking an active interest in the welfare of the school.

Insurance

Your School Board, in conjunction with the Lancaster and Whitefield School Boards, once again offered to all pupils in those towns the opportunity of participating in a Special School Child Accident Policy for \$1.50 per year. This is the sixth year that the pupils attending the Carroll school have had this opportunity. Previous to this time, the expense of an accident was borne directly by the parent.

It is now possible for a student to obtain additional year-round coverage at a cost of \$8.00 per year. If a student wishes to be insured for possible injury from skiing, there is an additional coverage at a cost of \$3.00 per year.

This policy became effective September 15, 1958 and will continue until September 15, 1959. Forty-nine out of sixty pupils and teachers took advantage of this opportunity. This shows that approximately eighty-two percent of the entire student body participated in this project.

Handicapped Children

By law, handicapped children who are unable to attend school, have the privilege of being taught at home for a period of not less than two hours per week. Referring to the budget of 1959-1960, it will be noted that a sum of \$300 has been requested for this purpose. One cannot tell how much the expense of this item might be. There could easily be a greater demand for this service than we anticipate during the coming year.

If you have a child who is handicapped and cannot attend school, feel free to contact the office of the superintendent.

ent of schools as he may be in position to give assistance.

Repairs

During the school year 1958-1959 several major repairs were completed. May we suggest that you read the report of your School Board for information relative to repairs that were made during this period.

Milk Program

At the present time the milk program, which was begun during the school year 1957-1958, is still being continued. Pupils are permitted to purchase milk in half pint bottles at a cost of three cents. As the cost of milk is six cents per bottle the federal government pays the other three cents. This program permits all pupils to enjoy the opportunity of purchasing milk at a very reasonable cost. The program was begun in November, 1957. Between November, 1957, and June, 1958, there were approximately fifty-six hundred bottles of milk purchased by the pupils at the Twin Mountain School. It is hoped that more pupils will participate in this program during the present school year.

May we take this opportunity to express our appreciation to the members of the Twin Mountain Parent-Teachers Association who have worked very hard during the past school year for the good of the school. A good, active Parent-Teachers Association is an asset in any school. Its purpose is to bring the home and the school closer together.

May we express our appreciation for the fine work that Mrs. Alice McGee did, as school nurse, during the school year 1957-1958. We were sorry that Mrs. McGee could not continue this year in this capacity. Mrs. Anna Evans was employed to fill the vacancy created by the resignation of Mrs. McGee. Mrs. Evans is doing exceptionally well in this capacity.

Our appreciation goes to Mr. Edward Jordan, School Custodian, for the fine work which he is doing. A clean, wholesome school is an asset to good teaching. Our appreciation goes to Mrs. Mary Young, Principal, Mrs. Eileen Worsley and Mrs. Frances Hutchinson, members of the Twin Mountain teaching staff, for the outstanding work which they have done and are doing this school year. These teachers have the welfare of the pupils at heart. We also wish to express our appreciation to Miss Blanche Witherell, Helping Teacher, for the outstanding work and cooperation which she has given during this past year. Parents are asked to contact her for any problem which might arise.

May we take this opportunity to express our thanks to the

bus drivers, Mr. Michel Perry and Mr. Wellington Boynton, for their fine work and interest in getting the bus pupils to school safely.

Our appreciation goes to the members of the Carroll School Board for the fine cooperation which they have given your Superintendent of Schools. Their interest in the welfare of the pupils has greatly helped to improve the overall school system. The members constantly work for the betterment of the educational opportunities for all pupils attending school.

The present school philosophy is to develop proper habits, attitudes, ideals, and action patterns within the pupils which will enable them to live a more happy and fruitful life in the community in which they live. Constant improvement is ever present for betterment of all pupils.

The schools are yours. Do visit them frequently.

Respectfully submitted,

HAROLD A. TRUELL,
Superintendent of Schools

Helping Teacher's Report

Mr. Harold A. Truell
Superintendent of Schools
Twin Mountain, New Hampshire

Dear Mr. Truell:

I submit a summary of the Educational policies and activities at Twin Mountain School.

It is important that each year we not only maintain the standard of the previous year but also that we make steady advances in curriculum development, and in attitudes and conduct. It is encouraging to observe the progress in these areas. Improvement in the children's ability to master their subject matter, supplemented by their willingness to accept responsibility is increasingly evident. We recognize and appreciate the fact that this progress is the result of concentrated effort on the part of Mrs. Young who now assumes the role of principal; Mrs. Worsley and Mrs. Hutchinson, our elementary teachers; and the fine group of interested parents with whom we work.

Our children are reading well, and constantly we strive to increase their mastery of the techniques involved. We provide enrichment for children of superior ability through the use of parallel and supplementary texts. Reading phonetically is gradually becoming a meaningful experience and increases confidence in reading; and our revised Social Reading List is now available and is in constant use.

Because the Language Arts areas are so important to us as individuals, we are anxious that more emphasis be centered on the teaching of English. To compensate for the lower-level requirements of the contemporary textbooks, we anticipate the completion of our own Language syllabus, covering both elementary and high school grades.

The teachers of Union No. 31 have attended many workshops. Discussion of subject matter has been a major feature. These workshops have the added value of developing a better-informed teaching staff and unifying teaching techniques. This year the high school mathematics teachers have joined us to consider their subject in relation to the whole program. The common interests of elementary and high school personnel will result in improved standards of achievement.

Mr. Truell, we express to you our gratitude for unlimit-

ed patience and understanding and your sustaining influence for good in the community.

We recognize the care with which our custodian, Mr. Jordan, tends the school, keeping it clean and inviting.

We know Mrs. Evans, our school nurse, is helping in countless ways to improve the health of our children.

The School Committee is tireless in its effort to create a desirable atmosphere in which to work and to provide the facilities for successful teaching.

To each of these and to all other persons interested in the Carroll School and who assist in any way with the creation of a better organization, we extend a sincere expression of thanks.

Respectfully submitted,

BLANCHE M. WITHERELL,
Helping Teacher

Principal's Report

Carroll, New Hampshire
December 15, 1958

To the Citizens of the Carroll School District:

It is with a great deal of pleasure that I submit to you the annual report of the Twin Mountain School.

Upon the opening of School in September a new situation existed. We had a smaller group of students due to the closing of the High School, but an eager and interested group. Mrs. Frances Hutchinson returned to teach the Primary Grades, Mrs. Eileen Worsley the Elementary Grades, and Mrs. Mary Young, the Junior High.

We have had a busy schedule this year. It has been necessary to start school earlier in the morning and shorten the noon hours, but it has enabled the students to return to their homes earlier in the afternoon. The children seem to be adapting themselves very well and are enjoying their work. All the teachers have been participating in weekly In-Service Training Meetings held in the surrounding towns.

Rehearsals are under way for the Annual Christmas Program which is one of the highlights of the year. Each room is responsible for some phase of the program, and all children participate. The children have explored several new mediums in their art work this year. Through various facilities available to the school, we have been able to show some excellent movies for the education and enjoyment of all. The Bookmobile stops at regular intervals with books and material to supplement our own library. A set of encyclopedias has been left at the Town Library for the use of the students. The Parent-Teachers Association has presented us with a subscription to the National Geographic Magazine, and the School Board has been most generous in providing materials and supplies as we have needed them.

The Milk Program, initiated last year under the direction of the Parent-Teachers' Association, is being continued. Lotta Rock Dairy is again furnishing the milk, and many children enjoy milk at recess as well as with their lunches. The Pre-School Dental Clinic, discussed in greater length elsewhere, was most successful. It is intended to have a similar clinic for the children of school age.

We had a very successful Halloween Party. We have also had record hops and beano parties, but perhaps the

most momentous occasion was the visit we had with Mr. Richard Tapply of the National Recreation Association, who conducted games and dancing on November 21. Mr. Tapply was so impressed with the enthusiasm of the children that he has suggested another such activity in January. The Parent-Teachers' Association has voted to conduct square dancing classes one night a month under the able direction of Mrs. Edmund Ayling of Jefferson.

Each group has been working on special projects suited to its own age level. The Primary Grades had a very interesting Indian exhibit, and they did an excellent mosaic for the Christmas holidays. The Elementary Grades have been making a special study of bird habits and have built a bird house and a feeding station. The Junior High has purchased an aquarium for tropical fish. Money was raised through a very successful magazine-selling campaign in the fall.

An effort is being made to continue the ski program which has worked out so well in our School. Mr. and Mrs. Donald Marshall are giving very generously of their time and effort again this year. The children are most anxious to continue their instruction at Cannon Mountain and those children not participating in the program will be engaged in an organized activity at the School.

We had the privilege of hearing Joseph Doucett, one of our graduates, address our group and tell of his experiences in the Navy. We hope we may have more such programs.

We feel this has been a profitable year, and in behalf of the teachers and students, I wish to thank the townspeople, the parents, the School Board, the Parent-Teachers' Association, Miss Witherell, Mr. Truell, Mrs. Wentworth, Mrs. Evans, and Mr. Jordan for the wonderful assistance and support they have given us.

A cordial welcome is extended to one and all to visit us at any time.

Respectfully submitted,

MARY R. YOUNG,
Principal

Report of Supervisor of Music

Mr. Harold A. Truell
Superintendent of Schools
Twin Mountain, New Hampshire

Dear Mr. Truell:

It is with pleasure that I submit my report to you on the work of the Vocal Department in the public school of Twin Mountain.

Every child in school is instructed once a week by the music supervisor. Various activities are carried on according to the ages of the groups.

Grades One, Two and Three

As the first grade has been larger the past year, the teaching of music in that grade has been done independently from the other classes in order to make the children more aware of pitch and tone. Children respond freely to rhythm and can determine whether music moves rapidly or slowly. Also, they observe the work of the other two grades, and many times join them in their activities.

Grades two and three sing with much more independence. They recognize different note values and rests. The staff is studied; also the notes on the staff with their position and appearance. They are acquiring the ability to sing in tune more and more and, individually and as a class, they are learning to read simple unison melodies, using the sol-fa syllables. Their sense of rhythm has been strengthened. Music programs to which they listen on their radios and televisions are discussed and records, which teach the children about the different musical instruments, are played. Their contributions to the various school programs during the year are very helpful.

Grades Four, Five and Six

Continuation of the work done theoretically in the preceding grades is increased and two-part singing is introduced. The interest, thus created, demonstrates what can be accomplished when real enjoyment is involved.

We listen to recordings, discuss the composers concerned, and talk about the different families of orchestra and band instruments. Children soon learn to recognize these instruments when they are played and their appreciation of good music is increased.

Last year the Junior High School group was large enough to require instruction, separate from the High School. But their program was quite similar. We discussed methods of recording, the history of recording and the advancements that have been made. Much excellent singing was done, as well.

Grades Seven and Eight

This year the Seventh and Eighth grades have shown much improvement. They read music more accurately, do part singing well, study Folk Music and traditional songs and carry on a variety of other activities. A portion of the time is allotted to listening to good music. Discussions of programs that come to us through radio, television and the theatre are 'stimulating and we become increasingly aware that "Music is a powerful force in school living."

I would like to take this opportunity to thank you, Mr. Truell, Mrs. Young, and the other members of the faculty for cooperation this past year.

Respectfully submitted.

RUTH C. WENTWORTH,
Music Supervisor

Health Report

Mr. Harold A. Truell
Superintendent of Schools
Whitefield, New Hampshire

Dear Mr. Truell:

I submit the following health report on the students from the period September 3, 1958 to December 31, 1958.

Sixty-two pupils were checked at the beginning of the school year for general health, height, weight, and condition of the scalp. Most of the children appeared in excellent health.

All children were examined by Dr. Jorge deVillafane. Since most of the children are in good health, we are trying to stress cleanliness and good nutrition in the health program this year.

The school milk program is being continued for this year.

The pre-school children were given Flouride treatment at the school, in December, through the generosity of the Parent-Teachers Association.

Visual Acuity tests were given to all children. Two were found to need correction.

There were no communicable diseases reported. Several children were out with colds from time to time.

I have made five home calls. Since this is my first year of school nursing, I have enjoyed meeting many of the parents for the first time and I appreciate their cooperation.

I wish to thank Mr. Truell, the members of the School Board, Mr. Edward Jordan, school custodian, and especially the School Faculty for their cooperation and help in this first year of my school nursing.

Respectfully submitted,

ANNA C. EVANS, R. N.
School Health Nurse

SCHOOL CALENDAR 1959 - 1960
